**Wood Grain Vinyl Fence**

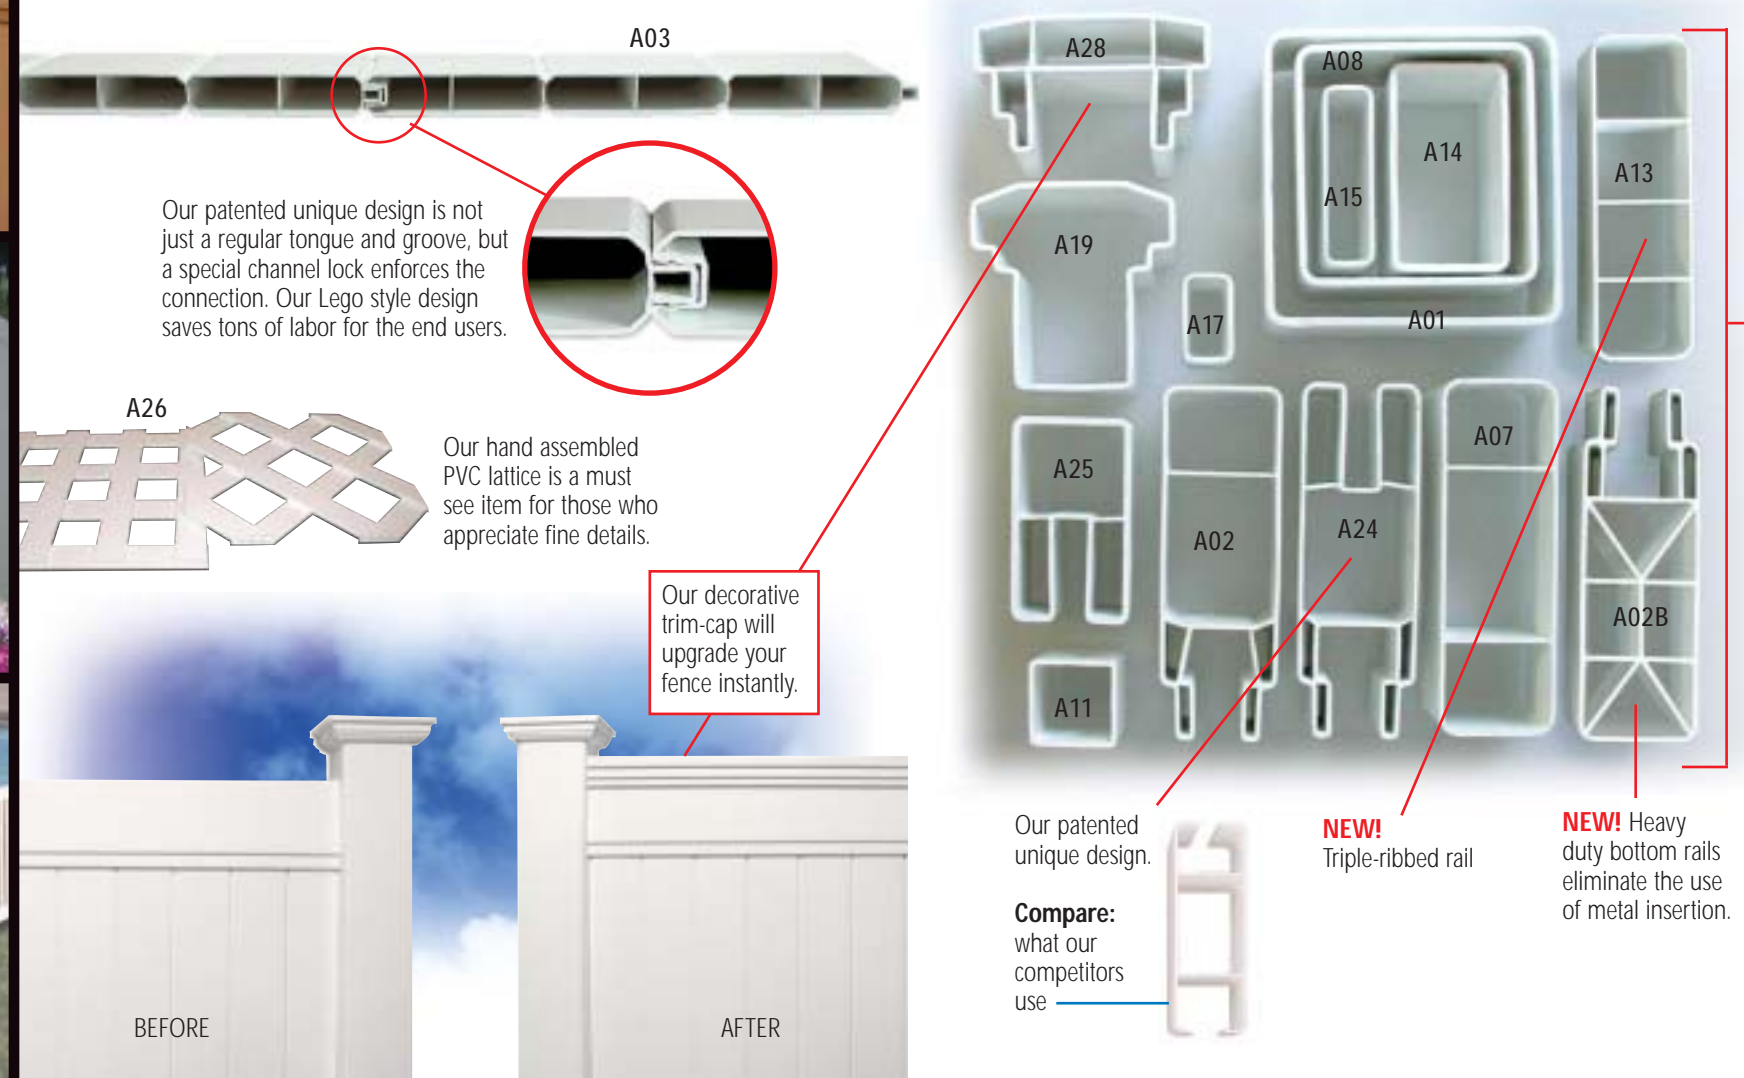

[www.structurepvc.com](http://www.structurepvc.com)

# TREND

As a sophisticated combination of tradition and technology, premium vinyl (PVC) fencing, constructed of high-tech polyvinyl compounds, has the same applications as wood fencing, but is maintenance-free and you'll never have to worry about painting, rotting, warping, termites, corrosion or rust. That is why the demand for PVC fencing, has been surging 20-30% annually and this year's growth could hit 50%.

# Why our product line has become a big hit in the fence industry...

Our patented unique design is not just a regular tongue and groove, but a special channel lock enforces the connection. Our Lego style design saves tons of labor for the end users.

Our hand assembled PVC lattice is a must see item for those who appreciate fine details.

Our decorative trim-cap will upgrade your fence instantly.

Our patented unique design. Compare: what our competitors use

**NEW!** Triple-ribbed rail

**NEW!** Heavy duty bottom rails eliminate the use of metal insertion.

**Mono-extrusion** is a process that injects a U.V. protector in the entire profile, having 100% coverage.

**Co-extrusion** causes the profile to have only 20% coverage of U.V. protection, which is the cap stock and is only paper-thin.

**This is what we use.**

**What is the difference?** Just think about *solid gold* and *plated gold*.

**NEW!** Our **Wood Grain Vinyl fence** is absolutely a wonderful creation to combine the beautiful pvc color and the natural wood texture. Our profiles are mono extruded with 100% virgin vinyl, the woody texture is not only on the surface but goes throughout.

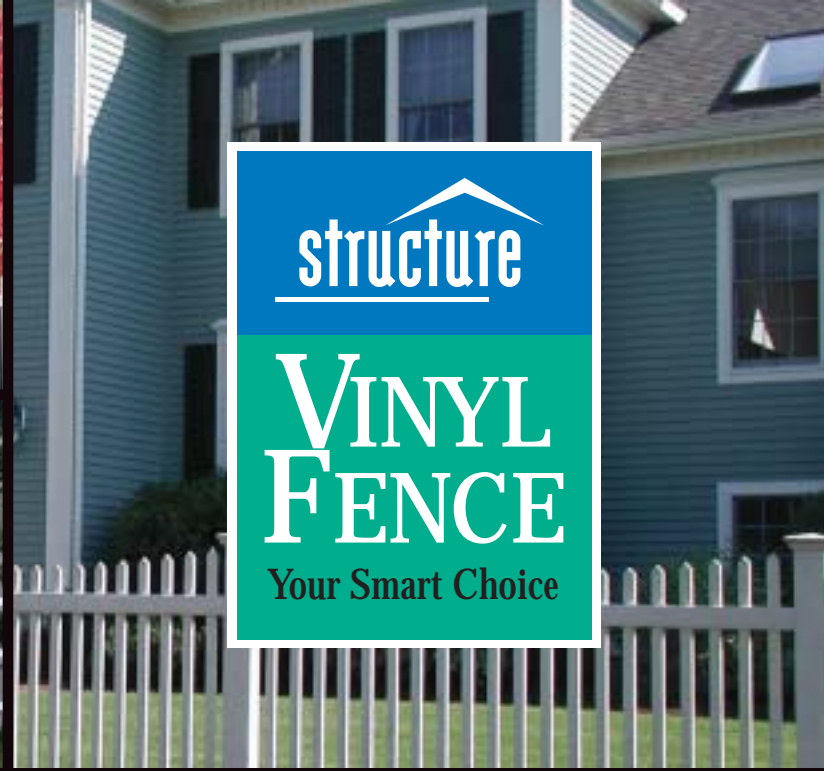

**QUALITY** Not all vinyl fences are the same. Structure Vinyl Fence is manufactured with the highest industry UV protection with 100% virgin vinyl throughout. This insures long-term durability, flexibility & weatherability in even the harshest climates. Our patented unique design makes assembly & shipping much easier. Structure Vinyl Fence is built to last and backed with a lifetime limited warranty.

**AFFORDABLE** Thanks to our own manufacture and very efficient company system, we have been able to keep our cost low, therefore our customers can enjoy our fine products at a very attractive price.
